

For all clippers with the Favorita
cutter head system

Favorita Cutter Heads

with DLC coating

Aesculap Cutter head with DLC coating Favorita

The Aesculap „Diamond-like Carbon“ (DLC) coating ideally combines the property profiles of diamond- and Teflon-based surface enhancement. This special coating guarantees outstanding product properties:

- high wear protection and longer service life
- excellent gliding thanks to minimised frictional resistance
- extended edge retention
- increased corrosion protection
- reduced care requirement thanks to dirt-repellent surface

The advantages of the Favorita system naturally also apply to these cutter heads with DLC coating.

Ref. no.	Shearing height	Shear width		£
GH700D	0,05 mm	40 mm	1/10/100	
GH703D	0,1 mm	40 mm	1/10/100
