

For the perfect shearing blade pressure!

Torqui

for Favorita clipper heads

Aesculap Precision Adjusting Aid Torqui Favorita

Every Favorita clipping head is child's play to adjust with this torque key.

- precise basic adjustment of the blade pressure
- increased clipping head life thanks to longer intervals between regrinding
- consistent edge-retention
- easy to handle
- no prior knowledge needed
- small, easy to handle, maintenance-free
- precision instrument engineered in Germany
- compatible with all Favorita clipping heads
- all Favorita clipping heads can be retrofitted with an appropriate knurled screw

How to use the Torqui in 3 steps:

1. Place the Torqui on the thumbscrew

2. Turn until you feel no more resistance – you will hear a “click - click - click”

3. The optimum shearing pressure is now set
