MagicBrush Horse salt shower starter kit

Improve your horse's wellbeing with the MagicBrush Horse Salt Shower. The natural sea salt sticks lock moisture and excess oil into the skin and can help irritated skin to recover naturally.

- easy-to-use shower insert for the garden hose
- Sea salt sticks contain valuable minerals that can have a positive effect on the skin's natural function and protective barrier
- Sea salt promotes the regeneration of irritated, red and itchy skin in horses
- the minerals it contains lock moisture and excess oil into the skin, which allows the appearance of the skin to improve visibly
- applied over a prolonged period, the horse salt shower can suppress the after-effects of skin irritation (e.g. chafing)
- suitable for a max. water pressure of 4 bar

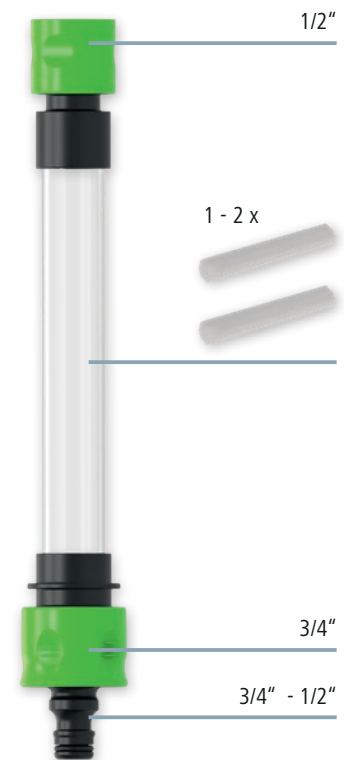

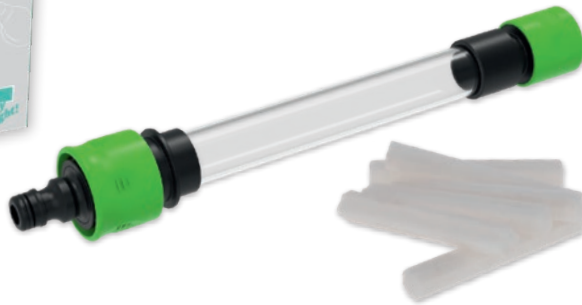

Recommendations for use:

- Insert one to two sticks in the cartridge and connect to a shower and the water hose. The content dissolves in cold water in around 3 minutes.
- A reducer for the hose connection from 3/4" to 1/2" is included in the scope of delivery.
